

REMARKS

Applicant's attorney thanks Examiner Williams for the Office Action mailed May 26, 2005. With reference to the Office Action, applicant's attorney is pleased to note that Examiner Williams has indicated that Claim 2 contains allowable subject matter. However, the remaining pending claim (i.e., Claim 1) has been rejected under 35 U.S.C. 103(a).

By the foregoing amendments, the subject matter of allowable Claim 2 has been added to Claim 1, thereby necessitating the cancellation of Claim 2. In such circumstances, amended independent Claim 1 obviates the Examiner's prior art rejection and is therefore in condition for allowance.

The Examiner has objected to Figures 1 and 2. In response thereto, two replacement drawing sheets designating Figures 1 and 2 as Prior Art are submitted herewith to overcome this objection.

In view of the foregoing amendments and remarks, applicant and his attorney respectfully submit that the amendments requested above put the present application in condition for allowance. Accordingly, applicant's attorney respectfully requests entry of these amendments and allowance of the present application. Should there remain any questions or other matters whose resolution could be advanced by a telephone call, the Examiner is invited to contact the undersigned attorney at his number below.
